This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

CAUTION.

IN Consequence of the many fatal Accidents which have happened by Horses running too near the Posts, the STEWARDS of NEWMARKET RACES have caused the *large and fixed Posts* on the Heath to be surrounded with Turf-banks, about Five Feet in the Base, and sloping to the Post, at the Height of about Four Feet; *and in other Parts of the Course, particularly where there are turns, they have adopted the Use of slender Posts that will break on any strong Pressure,* which they earnestly recommend to the Notice of Stewards and Managers of Races in general.

* By order, this is altered to One Heat, and different weights are appointed.

And in case any horse, mare, or gelding, shall be then, or after, proved to be above the age of years the grass before, the Owner or Owners of such horse, mare, or gelding, shall be made incapable of ever running for any of the King's Plates hereafter.

VII. As many of the riders as shall cross, jostle, or strike, or use any other foul play, as shall be judged by such person or persons as shall be appointed by the Master of the Horse, such rider shall be made incapable of ever riding any horse, mare, or gelding, for any of his Majesty's Plates hereafter; and such Owners shall have no benefit of that Plate; but such Owners may be permitted to run any horse, mare, or gelding, for any other of his Majesty's free Plates hereafter.

VIII. Every rider shall, immediately after each heat be run, be obliged to come to the Ending Post with his horse, mare, or gelding, then and there to alight, and not before, and there to weigh to the satisfaction of the judges appointed for that purpose.

IX. And in case of neglect or refusal thereof, such owners and riders shall be immediately declared incapable of running or riding any more for this or any of his Majesty's Plates hereafter.

X. And in case any difference shall arise, relating to their ages, or in their running, or to these his Majesty's Orders, &c. the same to be determined by such person or persons who shall be appointed by the aforesaid Master of the Horse.

☞ *These Articles will continue in force for succeeding years, unless directed to the contrary by his Majesty.*

RULES AND ORDERS

OF THE

JOCKEY CLUB.

THAT every person who shall ride at Newmarket for Plate, Sweepstakes, or Match, shall be obliged to weigh when he comes in, allowing two pounds above the weight, and no more.

That every rider who shall neglect to obey this resolution, is guilty of contempt of the Order of this Club, and shall be disqualified from riding hereafter at Newmarket; unless any Gentleman, or his rider, shall declare, before starting, that the rider is above the weight allowed of by the aforesaid resolution.

That the forfeits of all bets which shall be made after the first day of January, 1768, shall be paid according to the proportion in which the Principals compromise their matches.

That any person desirous of being admitted into the Coffee-room, Newmarket, must be proposed by a Member of the Jockey Club, and his name put over the chimney and door the day before he is to be ballotted for; that there must be at least twelve members present at the ballot, and three black balls exclude.

That the owner of every horse, &c. entered to run for two or more prizes on the same day, shall for the future be obliged to declare to the Keeper of the Match-book before eight o'clock in the evening preceding the day of running, which of the said Prizes he intends to start his horse for; and the said Keeper of the Match-book shall immediately declare it in the coffee-room.

To meet annually at dinner the day preceding the King's birth-day.

That three members of the Jockey Club shall be appointed Stewards, and to commence their office on the fourth of June annually. One new Steward to be appointed every

year on the third day of June, by the Steward who quits on that day, subject to the approbation of the members of the Jockey Club then present.

The first and second vacancy of the three Stewards now named, are to be settled by drawing lots; and ever afterwards the senior Steward is to quit his office on the third of June annually.

That three Stewards, or any two of them, shall be vested with full power to make such regulations as they think proper, in regard to the exercise-ground and the course.

That the three Stewards, concurring, shall have it in their power to appoint such person or persons, as they may chuse, to keep the coffee-room, match-book, receive the Stakes, and to collect the entrance-money and all other funds belonging to the Jockey Club.

The Stewards are to be responsible to the Jockey Club for all the money collected, as belonging to the Club.

The Stewards shall have it in their power to fix the hour of starting for each Match, &c. but they shall be obliged to fix those hours of starting by eight o'clock in the evening preceding the day of running.

The accounts are to be produced by the Stewards annually on the third of June.

That in case any gentleman who keeps running horses, has cause to complain of any feeder, rider, groom, boy, or other person employed by him in, or intrusted with the knowledge of, trials, of having discovered them, directly or indirectly, by betting, or wilfully in any other way (unless allowed so to do by his master); or if any person as aforesaid, living with any Gentleman, shall be discovered in watching trials himself, or procuring other persons so to do, or by any unfair means whatsoever endeavouring to discover trials; on such complaint being carried to any one of the Stewards, that Steward is to summon a general Jockey Club meeting as soon as convenient; which meeting is to appoint a committee of three members, to examine into the accusation; and in case they shall be of opinion that the person or persons is, or are guilty of it, then the person or persons so found guilty shall be dismissed from the service of his or their master, and the said persons shall not be employed by any member of the Jockey Club, in any capacity whatsoever; nor shall any horse, &c. fed or rode by him or them, or in the management of which he or they are concerned, be suffered to start for Plate, Match, or Subscription. And the names of the persons found guilty of these offences shall be exposed in the Racing Calendar, and inserted in a paper to be fixed up in the Coffee-room at Newmarket.

A Day-book shall be kept by the person appointed by the Stewards, and continue in the coffee-room, in which shall be entered an account of all Matches, Subscriptions, and Sweepstakes, to be run for each day, within that meeting; and as the different Stakes are made, the payments shall be marked to the names of the persons so paying.

All Stakes shall be made in cash, bank bills, bank post bills properly indorsed, bankers' notes payable to bearer, or bankers' notes payable to order, also properly indorsed; and not otherwise, without the consent of the party or parties present, concerned in the Match, Subscription, or Sweepstakes, on whose account such Stakes are made.

All Stakes for Matches, Subscriptions, and Sweepstakes, shall be made before starting for the same, and in default thereof by any person, he shall forfeit in like manner, as if he had not produced his colt, filly, horse, or mare, to start, and shall have no claim to the Stake or Stakes of the Match, Subscription, or Sweepstakes, should his colt, filly, horse, or mare have started and come first; and this to remain in full force, as an established agreement of the Jockey Club, unless such person has previously obtained the consent of the party or parties present, with whom he is engaged, to dispense with his making his Stake as aforesaid.—N.B. This Rule does not extend to bets, which are to be paid and received as if no such omission had happened.

All forfeits unpaid before starting, for any Match, Subscription, or Sweepstakes, shall be paid to the person appointed by the Stewards to receive the same, at the coffee-room, before twelve o'clock at night, of the day such forfeits are determined; and each person making default therein, shall forfeit and pay to the person so appointed by the said Stewards, after the rate of five pounds for every hundred pounds so forfeited, which shall be disposed of by the said Stewards, towards such uses as they shall think fit.

And in order to prevent frauds, notice shall be given, that if any person make any bet or bets, from signal or indication, after the race has been determined at the Post, such person is not entitled to receive, or liable to pay the same; as such bet or bets is or are fraudulent, illegal, and totally void: and that if any servant belonging to a member of the Society shall be found to have made, or be engaged in the making, any such bet or bets, he shall be dismissed his service, and no farther employed by any member of this Society.

That all forfeits or money paid on compromising any Match or Sweepstakes, shall, *bona fide*, be declared and

entered in the day-book, in order that all bettors may be put upon an equality with the persons who had the Match or Sweepstakes, and may thus ascertain in what proportion they are to pay or receive.

That the Stewards of the Jockey Club shall appoint some proper person to examine every colt or filly, being of the age of two, three, or four years, at the Ending Post, immediately after running, the first time any colt or filly shall start for any Plate, Match, Sweepstakes, or Subscription, at Newmarket; and the said appointed person is to sign a certificate of such examination, and his opinion thereupon, which certificate is to be hung up before eight o'clock the evening of the said day of running, in the coffee-room at Newmarket.—But for all Plates, Matches, Subscriptions, or Sweepstakes, where the colt or filly is required to be shewn before running, the examination as above-mentioned shall be made at the time of shewing them, and the certificate of the person appointed shall immediately in like manner be fixed up in the coffee-room at Newmarket.

That the hours of starting shall be fixed up in the coffee-room by eight o'clock in the evening preceding the day of running; and it is expected that every groom shall start punctually at the time appointed; and any groom failing so to do shall forfeit five guineas each time to the Jockey Club. It is also expected, that every groom will attend to the regulations and orders which the Stewards of the Jockey Club may give, relative to the preservation of the course and exercise-ground.

That no person do borrow or hire any horse, &c. not belonging to his avowed confederate, to run in a private trial, without entering the name of such horse before the trial shall be run, in the book appointed to be kept for that purpose, in the coffee-room at Newmarket: and no persons to be deemed confederates who do not subscribe this article as such.

That all disputes relative to racing at Newmarket, shall, for the future, be determined by the three Stewards, and two Referees, to be chosen by the parties concerned. If there should be only two Stewards present, they are to fix upon a third person, in lieu of the absent Steward.

That if for any Sweepstakes or Subscription, the first two horses shall come in so near together, that the judge shall not be able to decide which won, those two horses shall run for such prize over again, after the last Match on the same day; the other horses which started for such Sweepstakes or Subscription shall be deemed losers, and entitled to their

respective places, as if the race had been finally determined the first time.

That all bets determined by one event shall be subject (as before agreed) to any compromise made by the principals, and paid in proportion to such compromise: but that all double bets shall for the future (on account of the frequent disputes which have arisen) be considered as play or pay bets.

When any Match or Sweepstakes shall be made, and no particular weight specified, the horses, &c. shall carry eight stone seven pounds each. And if any weight is given, the highest weight is, by this resolution, fixed at eight stone seven pounds.

No horse that is matched to run on the day of entrance, for any Plate, &c. shall be obliged to shew and enter at the hour appointed, but shall shew and enter within an hour after his engagements are over, provided such horse, &c. be named at the usual time of entrance, which is to be between the hours of eleven and one, for all Plates, Subscriptions, and Sweepstakes, where any entrance is required, and no other particular time specified.

That all bets depending between any two horses, either in Match or Sweepstakes, are null and void, if those horses become the property of one and the same person, or his avowed confederate, subsequent to the bets being made.

That the *Cup* be challenged for on the Monday in the First Spring Meeting, and the horses named for it declared at six o'clock on the Saturday evening of the said Meeting.

That the *Whip* be challenged for on the Monday or Tuesday in the Second Spring or Second October Meeting, and the acceptance signified, or the Whip resigned, before the end of the same meeting.

If challenged for and accepted in the Spring, to be run for on the Tuesday in the Second October Meeting following; and if in the October, on the Thursday in the Second Spring Meeting, B. C. weight, 10st. and to stake 200gs each.

That after the 13th of April, 1777, the Proprietor of any horse, &c. engaged in Match or Sweepstakes, who shall declare his intention of not starting before eight o'clock on the evening preceding the engagement, to the Keeper of the Match-book, or either of the Stewards, shall be entitled to five per cent, and no more of the forfeit.

That after the first day of July, 1793, no person shall be allowed to start any horse, mare, or gelding, for Match, Sweepstakes, or Subscription, unless he shall have paid all

former stakes and forfeits to the Keeper of the Match-book, by eight o'clock in the evening before starting.—This Rule was intended, and has since been declared, to extend to Epsom, Ascot, Brighthelmston, York, Doncaster, and all other places, besides Newmarket, where races are run, and engagements entered into, by Members of the Jockey Club, for Matches, Sweepstakes, or Subscriptions. And it is recommended to the consideration of the Stewards of other Races, where Members of this Club are not amongst the Subscribers.

That the ground shall not be engaged for trials, by the proprietor of any stable of running horses, more than two days in the same week.

That when any Match is made, in which crossing and jostling are not mentioned, they shall be understood to be barred.

That when any Match or Sweepstakes is made, in which no Course is mentioned, it shall be understood to be the Course usually run by horses of the same age as those engaged, viz. if yearlings, the Yearling Course; if two years old, the Two Year Old Course; if three years old, Rowley's Mile; if four years old, Ditch-in; if five years old, or upwards, Beacon Course; and in case the horses matched should be of different ages, the Course to be settled by the age of the youngest.

That all forfeits declared or incurred for any Match, Sweepstakes, or Subscription, shall be paid to the Keeper of the Match-book, before twelve o'clock on the evening the race is run, under the former penalty of five per cent. to the Jockey Club; and persons making default herein, shall not be allowed the deduction for the timely declaration of such forfeits.

That horses, &c. entered for Plates, or Subscriptions, shall not be required to be shewn, if such horse, &c. has before started at Newmarket; and that the owner of each horse, entered for a Plate or Subscription, shall declare to the Stewards, or the Keeper of the Match-book, the evening before, by eight o'clock, or when the list is read, at half past nine o'clock, whether his horse is intended to run or not, which declaration shall be deemed obligatory, if in the affirmative, unless the horse be taken ill or matched; and if in the negative, his name shall be erased from the list.

That the owners of horses, &c. engaged in Matches, or Sweepstakes, in which the forfeits shall amount to one hundred guineas, or upwards, shall be entitled to a deduction of ten per cent. if they declare their forfeits by half an hour past nine o'clock in the evening preceding running.

That from May 2d, 1800, no gentleman shall try the horse of any other person, except his declared confederate, without giving notice of such trial, by inscribing the name of the horse or horses, or their pedigrees, with the names of their owners, before or immediately after such trial, in the book at the coffee-room.

That all Bets between particular horses be null and void, if neither of the horses happen to be the winner, unless specified to the contrary.

That the Keeper of the Match-book be directed to charge the proprietors of such horses as receive forfeit, and shall be excused from appearing, with the same fees for weights and scales, as if they had come over the Course.

Complaint being made of new and exorbitant demands, in various places, for the maintenance of Race Horses, and the Lads attending them,

Resolved,

That the Members of this Club will give a preference to such Stable-keepers, and Inn-keepers, whose charges are reasonable.

That in future the ballots for Members of the Jockey Club shall be in the New Rooms, Newmarket, on the Tuesday in the First Spring Meeting, and the Tuesday in the Second October Meeting, in each year.

That the candidates shall be proposed by Members, and their names put up in the Card Room, in the Meetings preceding the ballots, viz. in the Craven, and the First October Meetings.

That nine Members at least be present at the ballot, and that Two black balls exclude.

That all Members of the New Rooms, at Newmarket, may become Members of the Coffee-room, by application to Mr. Weatherby, and causing their names to be inserted in the list of Subscribers.

Resolved, 17th May, 1811,

That all Bets on the Derby and Oaks Stakes at Epsom, and on the St. Leger Stakes at Doncaster, shall be considered play or pay bets as heretofore; but that no bet which shall be made after the first day of June, 1811, on any other race (except Double Bets) shall be considered as play or pay, unless expressly agreed to be so by the parties.

RULES

CONCERNING

HORSE-RACING IN GENERAL,

WITH A DESCRIPTION OF

A POST AND HANDICAP MATCH.

Horses take their ages from *May-day*, i. e. a horse foaled any time in the year 1812, will be deemed a year old on the first of May, 1813.

Four Inches are a Hand.

Fourteen Pounds are a Stone.

CATCH Weights are, each party to appoint any person to ride without weighing.

Give-and-take Plates, are fourteen hands to carry a stated weight, all above, or under, to carry extra. or be allowed, the proportion of seven pounds for an inch.

A Whim Plate, is weight for age, and weight for inches.

A Post Match, is to insert the age of the horses in the articles, and to run any horse of that age, without declaring what horse, till you come to the Post to start.

A Handicap Match, is *A*, *B*, and *C*, to put an equal sum each into a hat; *C*, who is the handicapper, makes a match for *A*, and *B*, who, when they have perused it, put their hands into their pockets, and draw them out closed, then they open them together, and if both have money in their hands, the match is confirmed; if neither have money, it is no match. In both cases, the handicapper draws all the money out of the hat; but if one has money in his hand, and the other none, then it is no match; and he that has money in his hand, is entitled to the deposit in the hat.

The horse that has his head at the Ending Post first, wins the heat.

Riders must ride their horses to the Weighing Post to weigh, and he that dismounts before, or wants weight, is distanced.

If a rider fall from his horse, and the horse be rode in by a person that is sufficient weight, he will take place the same as if it had not happened, provided he go back to the place where the rider fell.

Horse plates or shoes not allowed in the weight.

Horses not entitled to start without producing a proper certificate of their age, if required, at the time appointed in the articles, except where aged horses are included, and in that case a *junior* horse may enter without a certificate, provided he carry the same weight as the aged.

For the best of the Plate, where there are three heats run, the horse is second that wins one.

For the best of the heats, the horse is second that beats the other twice out of three times, though he doth not win a heat.

A confirmed bet cannot be off without mutual consent.

Either of the bettors may demand stakes to be made, and on refusal, declare the bet void.

If a party be absent on the day of running, a public declaration of the bet may be made on the Course, and a demand, whether any person will make Stakes for the absent party; if no person consent to it, the bet may be declared void.

Bets agreed to pay or receive in town, or at any other particular place, cannot be declared off on the Course.

At Newmarket, if a match be made for a particular day in any meeting, and the parties agree to change the day, all bets must stand, but if run in a different meeting, the bets made before the alteration are void.

The person who lays the odds, has a right to choose his horse, or the field.

When a person has chosen his horse, the field is what starts against him, but there is no field without one starts with him.

Bets made for pounds are paid in guineas.

If odds are laid without mentioning the horse before it is over, it must be determined as the bets were at the time of making it.

Bets made in running, are not determined till the Plate is won, if that heat is not mentioned at the time of betting.

Where a Plate is won by two heats, the preference of the horses is determined by the places they are in the second heat.

Horses running on the wrong side of a Post, and not turning back, distanced.

Horses drawn before the Plate is won, are distanced.

Horses distanced, if their riders cross and jostle, when the articles do not permit it.

A bet made after the heat is over, if the horse betted on does not start, is no bet.

When three horses have each won a heat, *they only* must start for a fourth, and the preference between them will be determined by it, there being before no difference between them.

No distance in a fourth heat.

Bets determined, though the horse does not start, when the words Absolutely, Run or Pay, or Play or Pay, are made use of in betting.

Example. I bet that *Mr. Robinson's* bl. h. *Sampson*, Absolutely wins the King's Plate at *Newmarket* next Meeting; the bet is lost though he does not start, and won though he goes over the Course himself.

In running of heats, if it cannot be decided which is first, the heat goes for nothing, and they may all start again, except it be between two horses that had each won a heat, but if between two that had not each won a heat, then it is no heat, and the others may all start again.

Horses that forfeit, are the beaten horses, where it is run or pay.

Bets made on horses winning any number of Plates that year, remain in force till the first day of *May*.

Money given to have a bet laid, not returned, if not run.

Matches and bets are void on the decease of either party, before determined.

LAWS OF RACING.

WITH a view to promote the uniformity of Decisions, as well as to prevent the trouble of applications to the Stewards of the Jockey Club, on points already decided, we intend, with the consent of the Stewards, to publish occasionally such adjudged Cases as may serve for precedents.

CASE I.

JULY 4, 1776.

A Subscription of 10gs each, for Hunters that *never won either Plate, Match, or Sweepstakes*, 12st. each, one 4-mile heat, &c. *To be named on or before the 1st of April*, 1777, to the Clerk of the, &c. &c.

The Stewards of Newmarket were requested to give their opinion, whether a horse having won a Subscription on *the 23d of April*, 1777, was qualified to run for the above.

Answer.—The Stewards are of opinion, that a horse being duly qualified *at the day of nomination*, is entitled to start.

Signed by order, &c.

CASE II.

A. B. and C. ran for a subscription, the best of heats. A. wins the *first* heat, B. the *second*.—C.'s rider, after saving his distance the second heat, dismounts between the distance post and the end, but remounts, rides past the ending post and weighs, as usual; starts and wins the *third* heat, and weighs, without any objection being made.

A. being second the third heat, in a short time afterwards demands the Subscription (not knowing till then, that C.'s rider had dismounted) and refuses to start for the *fourth* heat, which B. and C. run for, and C. wins.

Quere—Which is entitled to the Prize?

Answer.—The Stewards are of opinion, that no objection having been made to C.'s starting for the third heat, C. is entitled to the Prize.

Signed by, &c. &c.

CASE III.

The winner of a Plate, whose horse had distanced all the others, applied for the Stakes, or Entrance-money, which was advertised to be paid to the second-best horse that won a clear heat—one of the distanced horses had won the first heat.

Answer.—The winning horse cannot be deemed the second horse, and therefore is not entitled to the Stakes, to which the owners of the other horses (being distanced) have also no claim.

CASE IV.

For a Plate the horses came in as follows —Question, whether B. was entitled to the Stakes.

A. - - - -	2	0	1	1
B. (fell) - - -	1	0	2	dis
C. - - - -	3	0	3	dr

It was decided that B. being distanced, was not entitled to the Stakes.

CASE V.

A Gold Cup, &c. for horses that never won.

A. - - -	1
B. - - -	2
C. - - -	3

The owner of B. claimed on the ground of A.'s disqualification, he having the preceding year won a clear heat at Chelmsford, to entitle him, according to their articles, to the Stakes or Entrance-money.

Answer.—The Stewards are of opinion that A. was not disqualified, and consequently is entitled to the Cup, &c. —the term "winner" they conceive, applies only to the horse that beats all the rest.

CASE VI.

An enquiry whether a horse having won a Sweepstakes of 23gs each, (3 subscribers) is qualified to run for a 50l. Plate, expressed to be for horses that never won Plate, Match, or Sweepstakes, of that value.

Answer, by the Stewards of the J. C.

That it has been the practice in estimating winnings, to consider the clear sum gained only, and consequently to exempt the Stake of the Proprietor: the horse, therefore, which had won a Sweepstakes of 46gs only, viz. two Stakes of 23gs each, was not thereby disqualified for the 50l. Plate above-mentioned.

CASE VII.

Mr. Baird having entered two horses for the King's Plate at Newcastle, in 1793, and won it with Sans Culottes, his other horse not starting; the owner of the second horse objected to his receiving the Plate, on the ground that he was disqualified by having *entered* two horses.

The matter being referred to the Stewards of the Jockey Club, by his Grace the Duke of Northumberland, they determined that Mr. Baird was entitled to the Plate.

CASE VIII.

A. betted B. that a Mare should trot a mile in five minutes, in four minutes and a half, and four minutes; all which it was stated she won with ease; but B. measuring the distance after the races were over, found it was short of a mile by four yards.—The Stewards of the J. C. to whom this point was referred determined, that as no objection was made to the measure of the Course before starting and the mare having performed the distance set out, and not objected to, A. won all the Bets.
